## **ACTION ALERT**

**Contact your MP's and express your outrage on Canada's stand on Gaza**

Dear all,

CAF is calling on all Canadians to express their outrage with Canada's unwavering support for Israel and its war crimes being perpetrated against the Palestinian civilian population in Gaza. It is day 18 of the Zionist Israeli terrorist war on Gaza, the Palestinian death toll is 935, injuries is 4280 and the war crimes continue with deafening silence of World Governments, including Canada. Canada refuses to speak out against these atrocities making us complicit in these war crimes as well. Not only has Canada remained silent but Canada has also voted against a UN resolution calling "upon the occupying power to end its occupation of all Palestinian lands occupied since 1967, and to respect its commitment within the peace process towards the establishment of the independent sovereign Palestinian state with east Jerusalem as its capital. The Council also demanded that the occupying power stop the targeting of civilians and medical facilities and staff as well as the systematic destruction of cultural heritage. It demanded further that the occupying power lift the siege and open all borders. It also requested the Secretary-General of the United Nations to investigate the latest targeting of UNRWA facilities in Gaza, including schools, that resulted in the killing of tens of Palestinian civilians, including women and children."

The full UN resolution can be found here:
